Professional Summary

Biotechnology student at Ain Shams University with a strong focus on Food Safety, Quality Control, Microbiology, and Tissue Culture; passionate about Scientific Research and applying biotechnological principles to enhance food safety, product quality, and innovation.

Education

Bachelor's Degree in Biotechnology and Genetic Engineering

Ain Shams University – Faculty of Agriculture

Expected Graduation: 2027

Relevant Courses: Molecular Biology, Microbiology, Tissue Culture Techniques, Quality Management

Certifications & Workshops

- Food Safety and ISO 22000 Certification – Egyptian Organization for Standardization (EOS)

Covered HACCP principles, ISO 22000 requirements, PRPs, and GMP concepts.

- Clinical Microbiology Workshop – Creative Egyptian Biotechnologists (CEB)

Hands-on training in microbial testing, culturing techniques, and lab safety.

- Scientific Research Training (SRT) Program – Ain Shams University (URI)

Achieved First Place among participants for outstanding performance and presentation.

Covered fundamentals of research design, data analysis, and scientific writing.

<https://www.facebook.com/share/v/17NNWDv6R7/?mibextid=wwXlfr>

- PCR and Gel Electrophoresis Workshop – CEB Company

Practical experience in PCR techniques and gel electrophoresis methods.

- Learning How to Learn – Coursera
 - Fundamentals of Digital Marketing – Google Digital Garage
 - Introduction to Quality Concepts – Udemy
 - Diploma in Quality Management – Alison
 - Introduction to Plant Cells and Tissue Culture – Alison
-

Experience

Tele-Sales Agent (Feb 2024 - Jan 2025)

Success Academy

- Sold online courses and handled client inquiries, improving customer satisfaction
- Developed key communication and sales skills in a fast-paced environment
- Enhanced problem-solving and relationship-building skills

Pharmacy Assistant (Apr 2023 - Dec 2023)

Dr. Engy Abdel Hakim Pharmacy

- Assisted customers with pharmaceutical product inquiries
 - Gained extensive experience in customer service and communication
 - Improved organizational and multitasking skills
-

Skills

Technical: Food Safety Systems (HACCP, ISO 22000, GMP) •

Microbiological Analysis • Quality Control & Documentation • Tissue Culture •
PCR • DNA Extraction

Soft Skills: Communication • Teamwork • Problem-Solving • Time
Management • Attention to Detail

Languages

- Arabic: Native
- English: Intermediate (Reading and Writing)
